

Concept 1: Raider and Horse

This concept portrays a Raider charging into battle.

Concept 2: Helmet

This concept portrays the helmet of a Raider as an image of strength.

Concept 3: Shield

This concept portrays both a defensive and offensive approach. The shield in a downward position is a welcoming sign, while the shield help up high is a sign of battle. One student member of the Mascot Screening Committee came up with the idea to give out “Shield Awards” to students for stellar performances on the athletic field, Robotics Team, musical performance, etc.

Concept 4: Raider and Shield

This concept was introduced as an offshoot of the Raider and Horse, as a way to include the images in a simpler form.
